The screenshot displays the 'Buttons' section of the AdminTito theme documentation. It features a sidebar on the left with navigation options such as 'Dashboard', 'Typography', and 'User Interface'. The main content area is organized into several panels, each demonstrating a different button style:

- Default Buttons:** Shows a row of buttons in various colors: Default (light blue), Primary (dark blue), Success (green), Info (cyan), Warning (yellow), Danger (red), Inverse (black), Purple, Pink, and Custom (light blue).
- Button-Rounded:** Shows the same color palette as the default buttons but with rounded corners.
- Button-Bordered:** Shows buttons with a thin border around them.
- Button-Transparent:** Shows buttons with a transparent background and a thin border.
- Button-Width:** Shows buttons with different widths: Xs, Small, Middle, and Large.
- Button-Sizes:** Shows buttons with different sizes: Large button, Normal button, Small button, and Extra small button.
- Button-Disabled:** Shows buttons in various colors (Info, Purple, Pink, Inverse) with a greyed-out appearance.
- Icon Button:** Shows buttons with icons, such as a heart, share, launch, cloud hosting, book flight, and donate money.
- Block Button:** Shows large, block-level buttons in pink, green, and blue.
- Button Group:** Shows a group of buttons with different styles and colors, including a dropdown menu.
